YPSILANTI, MICHIGAN, WEDNESDAY, SEPTEMBER 6, 1911

PRICE 2 CENTS

CONTRACT ADOPTED

BRIDGE MATTER SETTLED BY BIG VOTE— OTHER MATTERS COME BEFORE COUNCIL AT ADJOURNED MEETING

A rather short meeting of the Common Council was held Tuesday evening and only a small amount of business came up for consideration. In the absence of the mayor, Ald. Huston, president of the Council, presided. The aldermen present were: Moore, Cornwell, Stevens, Thomas, Worden, Huston, Whitman, McDermott.

Justice Stadtmiller reported that all fines, costs, forfeitures and moneys received by him for the month of August amounted to \$44.75. On motion of Ald. Moore the report was received and filed.

The contract between the City and Carpenter and Anderson of Grand Rapids for the construction of the Congress street bridge was adopted by a large majority. This contract includes the raising and paving of the roadway west of the bridge. The Mayor and City Clerk are authorized to execute the contract on the part of the city, eliminating the clause pertaining to the piling and steel rails recently used in strengthening the present bridge by the D. J. & C. Ry.

A resolution was adopted for the confirming of the assessment on the Adams street sewer from Forest avenue to Jarvis street and the city clerk was instructed to collect the assessments as follows: one-fifth forthwith, one-fifth in one, two, three and four years, with interest at five per cent on all deferred payments. A resolution was also adopted by the council for the construction of the Prospect street sewer over which there has been much litigation.

The special assessors were directed to make a special assessment for the construction of a sewer on Oak street commencing on River street and running to the Thayer property. The amount to be assessed is approximately \$1,193.00.

A protest was filed by William Putnam and Wm. B. Bellows against the sewer assessment on their property on Upper Ellis street. They claim that these two parcels of land together with that owned by Clifford Huston form a flat iron at the intersection of Upper Ellis and Cross Boulevard and

were all assessed for the Cross street Boulevard, and are not of sufficient depth to allow for building frontage on both streets and that having already paid for all the benefit to be derived they should not be assessed for the Upper Ellis street sewer. On motion of Ald. Moore the assessment and objections were referred to Commissioners of Public Works.

Mr. Hutchins asked that the time for removing the building in the rear of his store be extended to Oct. 1. The request was received and filed.

A resolution by Ald. Whitman that the city dispose of the gas engine stored in the Fourth Ward tool house, also the city stone crusher, was referred to Committee on Supplies.

A meeting of the Commissioners of Public Works was held Tuesday. Commissioners Webster, King and Walterhouse were present. After auditing the claims presented the commissioners adjourned.

NORMAL VACANCIES FILLED

FORMER STUDENT IN DEPARTMENT OF ORATORY; ABSENCE LEAVE FOR PROF. NORRIS.

All vacancies which had existed in the Normal College faculty have now been filled by the state board of education.

The late Miss Lillian Oliff will be succeeded by Fred B. McKay, who for the past three years has been professor of oratory in the Massachusetts Agricultural college at Amherst, Mass. Mr. McKay was prominent in oratorical and debating work while a student in the Michigan Normal College and also in the University of Michigan. As a representative of the Normal college he won the annual contest of the Michigan Oratorical League of nine colleges.

Miss Edith Blackman of New York will succeed Miss Sara Arnot as assistant in domestic art. She is a graduate of Teachers' College of Columbia university. Miss Inez Rutherford of Lowell, Mich., will take the place of Mrs. Howell as assistant in domestic science.

The leave of absence of Prof. O. O. Norris was extended one year, and Miss Jessie Lee will continue to fill the position in the ancient language department.

CONGREGATIONAL PASTOR RECEIVES GOOD OFFER FROM OLIVET COLLEGE—DECLINES

Dr. Arthur G. Beach, pastor of the Congregational church of this city, has, within the past three weeks, received a call to the Olivet College faculty. The chair of biblical history has been established in the college and Dr. Beach was asked to be its first incumbent. Dr. Beach has definitely declined the offer, although Olivet College is growing in a way which makes a position on its faculty increasingly attractive.

YPSI PITCHER MAKES GOOD IN BUFFALO

Harold Crossman, the Ypsi pitcher, has entered professional ball, having been picked up by the Pullmans of Buffalo, New York, and already played his first game with them. This Buffalo team played in Ypsilanti about two weeks ago and won. Crossman did not, however, pitch that day. From here the Pullmans went to Hastings and here Crossman pitched against them and so well did they think of his work that they hired him on the spot at good pay.

Crossman, who is only nineteen, came here from East Tawas about ten years ago and is the son of Mr. and Mrs. R. W. Crossman of 323 Miles St. He attended the Ypsilanti high school where he played on the baseball and football teams. Later he attended the Normal College and pitched on the baseball team. He has also pitched for the Ypsilanti Independents, so that his experience has been extensive. He has also attended Cleary Business College.

At the week-end Crossman went down to Buffalo to join his team. The Pullmans met him at the boat in full uniform and escorted him to the athletic grounds where he pitched his first game. A dispatch received from him states that this, his first game in professional ball, was won by his new team. The score was five to four. They next play against the Cuban Giants at Meadville, Pa.

FORBES-ROYCE WEDDING AT HOME OF L. N. BROWN

The marriage of Edward A. Royce and Mrs. Flora B. Forbes was solemnized by Dr. Addison Leeson at the home of the bride's brother, Lee N. Brown, Tuesday afternoon. Mrs. Royce had come on from Nebraska a few weeks ago to visit her brother. Mr. and Mrs. Royce took an afternoon train for their future home in Stowe, Vermont.

MILLER SUSPECTED AGAIN

ARRESTED ON CHARGE OF HAVING FIRED PLATT AND GERAGHTY BARN.

Henry Miller was arrested Tuesday by Officer Ryan on a charge of setting fire to two barns, June 23, 1909, one belonging to Henry Platt and the other to Arthur Geraghty. The examination was set for this afternoon before the Prosecuting Attorney at Ann Arbor.

Miller was charged with being implicated in the money deal with Oscar Lawrence who found a pocket book containing \$1200 at Pine Lake, which belonged to Mr. Pierce of Detroit and failed to return it. Part of the money was later found sealed up in a cement block in the wall of the Lawrence home.

WOMAN 84, ASKS DIVORCE

AFTER SIXTY YEARS OF MATRIMONY, OHIO WIFE SEEKS LEGAL SEPARATION.

Findlay, O., Sept. 6.—Mrs. Dellah Cook, eighty-four, sued for divorce from the man who has been her husband for sixty years, Stephen Cook, eighty-four, a farmer living near here. She claims that he no longer will provide for her.

The Cooks have spent their entire married life on the same farm, it being purchased and cleared just prior to their wedding.

The Daily Press Profitbringers are sure to bring results.

GERMANS THINK WAR IS CERTAIN

Trouble With Morocco Is Causing Much Alarm.

CITIZENS DRAW OUT MONEY

Wild Rumors Are Being Circulated in the Provincial Towns and on the Alsatian Frontier Regarding Conflict.

Berlin, Germany, Sept. 6.—The nervousness over the protracted Franco-German negotiations with regard to Morocco seems to have increased with the resumption of the conferences between the French ambassador, M. Cambon, and the German foreign minister, Herr von Kiderlen-Waechter, at the German foreign office.

Wild rumors are being circulated in the German provincial towns. At Statin large sums of money have been withdrawn from saving banks owing to rumors that war was impending. The banks are enforcing the rule that notice of the intention of depositors to withdraw funds must be given in advance, and the officials have published communications showing the baselessness of the reports.

Other rumors circulating on the Alsatian frontier to the effect that the German ambassador to France, Herr von Schoen, had been murdered in Paris and that Germany immediately would declare war were strengthened by the return of a dragon regiment to Colmar, the capital of Upper Alsace, from the scene of the army maneuvers. An outbreak of dysentery among the troops, however, was the reason for their return to barracks.

There was no meeting during the day between M. Cambon and Herr von Kiderlen-Waechter, but it is possible that another conference will be held after the German imperial chancellor General von Bethmann-Hollweg returns to the capital from Kiel, where he had been called for the meeting between the German emperor and Crown Prince Franz Ferdinand of Austria-Hungary.

RAILWAY PEACE HOPED FOR

NEXT MOVE OF SHOPMEN AFTER ADVISORY BOARD'S ARRIVAL IN FRISCO.

San Francisco, Cal., Sept. 6.—Presidents of the international railroad shop unions, who came to this city last week to meet Vice President Kruttschnitt of the Harriman lines, expect that today the advisory board of the federation of shop employees of the Harriman system will be in the city. The meeting was called for Friday, but J. W. Kline, spokesman for the international presidents, says that there may be a meeting this afternoon. The international presidents have been in conference. Kline said there would be no decision in connection with the shopmen's demands until the advisory board arrived. Kline said he had every hope that the differences would be settled peacefully.

HOPE TO GET MESSAGES FROM ATLANTIC COAST

Ann Arbor, Sept. 6.—The University of Michigan electricians are planning to enlarge their present wireless equipment. Wires are going to be run to the top of the power house chimney, a height of 150 feet. With this equipment messages can be received from Buffalo and Chicago, and Prof. Parker believes that the apparatus will be able to pick up messages from the Atlantic coast. The plans may be completed before fall. The students even now have been able to pick up messages from Lake Erie, Lake Huron and from points in Ohio, the greatest distance reported being about 100 miles. The report reveals the fact that the energy of the receiving station is so great that the messages are heard all over the room. This eliminates using the head set.

INSTITUTE AT ANN ARBOR IS ATTENDED BY 110 TEACHERS

Ann Arbor, Sept. 6.—One hundred and ten teachers took advantage of the opportunity to attend the teachers' institute at the Ann Arbor court house Saturday. They received instructions from County School Commissioner Evan Essery in regard to making regular reports and other details of the work and listened to addresses by Prof. Abigail Pearce of the Michigan State Normal on "English."

NEGRO DIES IN U. OF M. HOSPITAL, BODY CLAIMED BY RELATIVES

James Davis, 45, (colored) who came to Ypsilanti about two weeks ago and was taken ill at the home of Dr. Dickerson, died at the University Hospital Sunday morning. Davis seemed to have no friends to care for him. He was taken to the Washtenaw County Home Saturday and as his case appeared to be serious was taken to the University Hospital. A telegram to Chief of Police Gage Sunday stated that relatives in Danville, Ky., would come to Ypsilanti for the body. They came Tuesday.

JUDGE ALLOWS N. Y. CHURCH \$72,000 OF EDDY MONEY

Concord, N. H., Sept. 6.—Judge Wallace in the superior court modified a previous injunction forbidding Henry M. Baker, executor of the will of Mary Baker G. Eddy, from allowing any of the assets of the Eddy estate to leave this state while litigation questioning the disposition of the property is undetermined. The modification was to allow Mr. Baker to pay to the First Church of Christ Scientist, of New York city, the sum of \$72,000.

In her will Mrs. Eddy left a sum "not to exceed \$175,000" to pay the indebtedness of the New York church and it is under this authority that the \$72,000 which represents the total indebtedness of the New York church is to be paid.

There was an extended hearing by counsel on the question as to whether the proceedings brought by George W. Glover to test the validity of his mother's will shall be tried on the questions of fact in the lower court or be transferred to the supreme court on questions of law. Judge Wallace gave the parties until Sept. 11 to file memoranda on the subject, after which he will decide the matter.

WEATHER.

Rain tonight and Thursday. Cooler in south portion. Temperature at noon, 69.

BEATTIE EVIDENCE TO BE SUMMED UP THURSDAY

BUÉLAH BINFORD

THREE MEN KILLED BY CAR

HUNGARIANS STAND ON TRACK UNTIL CAR HITS THEM— ONE INJURED.

Detroit, Mich., Sept. 6.—Three unidentified Hungarians were killed and another was seriously injured by an interurban trolley car near Ecorse, a suburb of Detroit. The men were standing on the track and apparently failed to notice the car.

New World Mark in Auto.

Bideford, Me., Sept. 6.—Louis Disbrow, driving a Pope-Hartford, made a new world's automobile record at Old Orchard beach, going twenty-five miles in 15 minutes 25 seconds.

SENATOR GEORGE E. CHAMBERLAIN OF OREGON.

MR. CHAMBERLAIN of Oregon enjoys a unique distinction in the United States senate. He is the first man in the senate who was elected by popular vote, practically speaking; also he is the only senator who has been elected by a state legislature of political faith opposite to his own. Senator Chamberlain is a Democrat. Oregon is a Republican state. Yet Chamberlain, who was reared in Mississippi, was elected governor of Oregon twice. A political squabble elected him the first time. His personal popularity re-elected him. When the people of Oregon voted for a United States senator choice under the new primary plan Chamberlain led. According to this primary plan, the legislators representing districts carried for Chamberlain were obligated to vote for him, whether Democrats or not. The legislature was Republican on joint ballot, but the members stood by the primary law and elected Chamberlain. In the senate Mr. Chamberlain is considered an able statesman. He is a progressive, but not of the latest agitator brand.

Evidence All in and Attorneys Argue Judge's Charge.

DEFENDANT'S STORY RIDDLED

No Sensations Sprung on Last Day of Testimony Taking, but It Is Most Disastrous Time for Defense.

Chesterfield Court House, Va., Sept. 6.—All evidence in the case for and against Henry Clay Beattie, Jr., is now in.

On Thursday morning at 9 o'clock the lawyers will begin the summing up and before the adjournment of court on that day the jury will have retired to determine the final issue.

Today there is no court session at Chesterfield Cross Roads. Instead the lawyers for the commonwealth and the defense met with Judge Watson in the chambers of the supreme court in Richmond to argue the judge's charge to the jury.

The completion of testimony came suddenly at 6:30 p. m., when Henry Owen, a brother of the woman who was murdered, the last witness for the prosecution in rebuttal, was on the stand. His taking the stand was the final surprise launched at Beattie's defense by Louis Wendenburg, the commonwealth's prosecutor. After he had denied the story of Henry Beattie, that to the end of his wife and he had never exchanged a cross word, Wendenburg announced that the prosecution rested its rebuttal. The defense had no sur-rebuttal to make and the ten days of evidence-taking were thus brought abruptly to an end.

This final day in the prosecution's effort to bring Henry Beattie to punishment for the crime of wife murder was quite the most disastrous of all that had passed over his head. No great sensation was sprung, but bit by bit, the story that the prisoner had himself told on the stand and that favorable witnesses had sought to substantiate for him was torn down by an overwhelmingly weight of evidence in rebuttal. The final question that had been propounded to Beattie when he resumed the stand for a few minutes to have his cross-examination completed remains unanswered and above all other questions at issue the most fraught with significance.

"How did the gun bought by Paul Beattie three days before the murder happen to be in the hands of the man who shot your wife and how do you account for the fact that in every detail of the shooting it always was the gun bought by Paul Beattie that is in evidence?" was the last question that Wendenburg shot at Henry Beattie before he left the stand.

"I cannot account for that," was Beattie's answer, nor did his counsel account for it except to put on witnesses to say that Paul Beattie's reputation for truth and veracity is bad.

The experts Wendenburg put on the stand swore that Beattie has testified to the impossible. No driver could have taken a Buick car over such a road as Middlethian turnpike in the night with only one hand on the wheel.

30,000 CHOLERA DEATHS

ITALIANS BELIEVE SCOURGE DUE TO DESIRE OF AUTHORITIES TO POISON POOR.

Chiasso, Switzerland, Sept. 6.—Since the beginning of the present year the total number of deaths from cholera in Italy has passed the 30,000 mark.

Terror and superstition are causing outbreaks of violence among the inhabitants, who believe that it is the desire of the authorities to kill, by poison, a large number of people and, in that way get rid of the poor. The most energetic measures have been adopted by the Italian government to maintain order.

Aviator Coffyn Falls 200 Feet.

St. Paul, Minn., Sept. 6.—Frank Coffyn, an aviator, fell with his aeroplane a distance of 200 feet at the state fair grounds, but was not injured. The aeroplane was damaged.

TO MY PATRONS.

I have been able to secure "The Cat and the Fiddle" for Monday, Sept. 11th. This is the original Chicago company and the same one that made such a hit at Ann Arbor last February. In order that my people may satisfy themselves as to its cleanness, its unusual spectacular and musical character, I am printing the program intact in another portion of the paper. Note the large working staff carried to handle the 60-foot car of scenery.

Respectfully,
A. M. RENNE.

PIECE OF THE NEW SOLIDIFIED GASOLINE, WHICH MAY REVOLUTIONIZE MOTOR TRACTION

London, Sept. 6.—It is believed by experts that the new solidified gasoline which has just been placed on the London market will revolutionize methods of motor traction, particularly in the case of automobiles. By the new process the gasoline is made

into solid blocks which can be handled with ease and safety. The solidified substance is of high ignition powers. When lighted it burns like a piece of wood and does not return to liquid gasoline. It gives a steady flame of intense heat.

SENSIBLE PRISON REFORM.

The paper read before the assembled wardens of the Michigan prisons and reformatories at the Soo recently by Warden Simpson of the Jackson prison on "Prison Farms and Farming" was a very sensible paper and evidenced the fact that the warden at Jackson is a practical, common-sense, economic-minded public official. He was a practical farmer, moreover, and his paper showed how this and other state institutions might be made self-supporting, and, possibly, a little better than that.

This is good news to the taxpayers, and it is equally good news to the inmates of the prison, for nowhere else is there so wholesome a place for a prisoner to reform, to regrip the determination to be a self-respecting citizen again, as out in the wholesome atmosphere of the farm.

And it would seem that our state institutions might do considerable work to supplement the experiment station work and do this nearer home for a larger number of our farmers. This would remove the cost of making some experiments and encourage their making those otherwise that might be neglected or discouraged. We believe these principles ought to be applied to every state institution and every county institution as well. Let every one have a farm large enough to support it. Let that be a model farm, a constructive, teaching influence in the locality in which it is placed, and not a mere absorber of taxes and a place for a little additional political patronage.

We regret to learn that Professor S. D. Magers is to leave us for a more lucrative field. Professor Magers has demonstrated his worth as a citizen during his sojourn here. He has taken an unusual interest and an efficient and unselfish interest in the important civic questions here, as well as in everything which looked toward sustaining and upbuilding the State Normal College. The enlarging of the college campus, the strengthening of the department of athletics, the matter of publicity will miss his friendly interest.

Professor Magers purchased a nice home here and a wholesome influence for civic betterment has emanated from that home continually since his residence here. We congratulate the Marquette Normal in securing so desirable and efficient an instructor and citizen, and we hope Professor Magers' example may be emulated by many other college men in our own city and elsewhere.

The Optimist's Corner

Daily Helps to Health and Happiness

By GEORGE F. BUTLER, A. M. M. D.

Even though it takes pork four hours to leave the stomach, and six more to be dissolved and absorbed in the small intestines, what does that matter so long as it is completely assimilated by the end of that time, as it is in 90 per cent. of all digestive canals? It is the slowest, but also one of the surest, foods that we have to give off all its energy to the body. Its very slowness is what gives it its splendid staying power for hard work, whether muscular or mental.

As a matter of fact, we have seen more cases of dyspepsia cured by the use of breakfast bacon than by any kind of drug or restricted diet.

An adult alimentary canal which cannot digest bacon or ham is not to be regarded as healthy, and instead of humoring and giving in to a weak digestion, it should be braced up, and under skilled supervision educated to take what is given it and make no fuss. Stomachs can be spoiled by giving them too little to do almost as easily as by giving them too much. A healthy stomach, fit to cope with the emergencies of life, must be able to digest not only that which is digestible, but much that is difficult of digestion, and that is the standard which should be aimed at in dietetic therapeutics.

To Make Waterproof Shoes.

Warm the soles of new shoes and while they are warm, paint them with copal varnish; when it dries, paint them again; three such coats will not only make the soles waterproof, but will make them last twice as long.—Home Department, National Magazine.

The Daily Press Profitbringers are sure to bring results.

MICHIGAN NEWS

GOGEBIC SENDS PETITION

Asks State Tax Commission to Meet in Bessemer.

Bessemer, Mich., Sept. 6.—A petition signed by practically all the leading freeholders and business men of this city has been forwarded to the governor and tax commission. The petitioners request a session of the tax commission at Bessemer to review the local mining assessments and place the added \$25,000,000 to the county's valuation upon the local mining properties, rather than upon all the property of the county.

At present Gogebic county mines, locally, stand assessed at only about \$5,000,000, exclusive of stock piles, while the state expert reports them worth \$41,000,000.

HIT IN HEAD BY BALL

Kalamazoo Player Walks Home but Is Found Dead in Bed.

Kalamazoo, Mich., Sept. 6.—Benjamin Myers, who was hit during a ball game by a ball, is dead. Myers was playing with one of the paper mill teams and was at bat when a pitched ball hit him just below the ear. He fell on the plate unconscious.

After treatment by a physician, Myers revived and walked to his home. He was not believed to be seriously injured. In the morning his wife called him for breakfast, but he failed to respond. Going to his room, she found him dead in bed. Concussion of the brain had caused his death. He was thirty-two years old and formerly lived in Otsego.

AUTOMOBILE HITS CYCLIST

Kalamazoo Man Run Down and Seriously Injured.

Kalamazoo, Mich., Sept. 6.—Norman Bastian was hit and dangerously injured by an auto. Bastian was riding a bicycle when an automobile, carrying No. 25,004, being driven to the city from Recreation park, hit him. He was hurled with terrific force to the ground. One arm was broken in four places, his shoulder was injured and it is feared he sustained internal injuries.

It is said the driver of the auto turned and saw his victim lying in the street, but instead of stopping his car, turned on more speed. His name is unknown here.

TWO HURLED TO DEATH

Cable Breaks in Mine When Skip Drops Its Load.

Calumet, Mich., Sept. 6.—William Chinn, aged forty-seven, and John Kuertt, aged twenty-five, were thrown from a mancar in Red Jacket mine and instantly killed by the breaking of the cable. Eighteen men were in the car.

The accident was caused by a loaded skip dropping its load at the fifty-first level, a mile under ground, and stopping the endless cable on which the mancar and skip were being run.

ENGINEER IS KILLED

Fatal Wreck Occurs on the Pere Marquette Railroad.

Benton Harbor, Mich., Sept. 6.—Engineer Charles Lassolk was killed. Fireman James Slater was scalded and two women passengers, one Mrs. Ann Wakefield of Chicago, were injured in a Pere Marquette wreck. The engine went over a six-foot bank near Huron.

Spreading rails, it is believed, was the cause of the wreck. All of the coaches left the track. Several passengers were hurt, but all are expected to recover.

Death of Youth Puzzles Doctors.

Flint, Mich., Sept. 6.—Harold W. Brabbs, eighteen years old, proprietor of a milk route in this city, died at his father's home in Burton township, after an illness of four days. The physicians who attended him are mystified as to the cause of death. He was seized with convulsions, but rallied later. The convulsions seized him again and he failed to rally despite medical treatment.

Horses and Hogs Burned.

Holland, Mich., Sept. 6.—Fire of unknown origin destroyed the large barn and several other buildings of Cornelius Struik, at Forest Grove. Five horses, fifteen hogs, 1,200 bushels of grain and all farm machinery were consumed. The loss is estimated at \$6,000.

Petoskey Woman Dies Suddenly.

Petoskey, Mich., Sept. 6.—Mrs. John Crelier, aged sixty-one, died suddenly from heart disease. She came here thirty years ago and aided in organizing the Baptist church of which she was the last original member. Her husband and four children survive.

Quincy Teacher Weds Ohioan.

Quincy, Mich., Sept. 6.—Quincy friends were greatly surprised to learn of the marriage of Miss Mable Campbell of this place to Robert Brockway of Bedford, O. Miss Campbell was a former popular teacher in the Quincy schools.

Detroit Saves Two Tots' Lives.

Rockwood, Mich., Sept. 6.—William J. Keegan, a Detroit contractor, saved the lives of two young children of John Van Riter, a well known farmer two miles west of here, when he stopped a runaway horse.

METHODS OF DESTROYING THE SQUASH BUG.

By R. H. PETTIT,

PROFESSOR OF ENTOMOLOGY OF MICHIGAN AGRICULTURAL COLLEGE.

EVERYONE knows the large black stink-bug, or squash bug, of the garden and field. All of us have tried to kill it by sprays, dust, baths and what not, but still the stink-bug flourishes. There seems to be no wash or powder that will kill the bug without at the same time killing the plants.

The eggs of these marauders are red in color, and quite large; they are laid in patches on the leaves, for the most part, on the underside. The young bugs that come from these eggs

The Squash Bug.

resemble the adults very much except in their proportions and in size, although, of course, they lack the wings. Not only do the bugs attack the vines, piercing them with their long beaks, and extracting the sap, which alone is enough to seriously injure the plants, but at the same time they carry the germs of disease from one plant to another, thus inoculating healthy plants with the wilt, and possibly with other diseases.

Plants grown under mosquito netting, of course, escape the bugs, but such a measure is very expensive except in unusual cases.

In the autumn after the crop is secured, the bugs continue to feed on the old vines for some time before the vines dry up and die. The writer has collected large numbers in such situations. Young bugs, old bugs and bugs half-grown. It is these young and vigorous bugs that hibernate and start new generations in the spring. The remedy is obvious—destroy all old vines, squash, pumpkin, cucumber and all vines of that family, just as soon as they have served their purpose. Either plow or burn, and do it then.

On cool nights the bugs love to hide under shelters. Old shingles, placed on the ground near the vines, harbor dozens of the adults over night. The lesson is obvious—put out pieces of board and shingles and destroy the bugs early in the morning before they get to the vines. Jar the bugs off into pails of water having a little kerosene floating on the surface.

FITTING THE AGED EWES FOR THE MARKET.

By R. S. SHAW,

DEAN OF THE MICHIGAN AGRICULTURAL COLLEGE.

IN maintaining a profitable flock of sheep careful selection must be practiced year after year. Some of the older ones must be eliminated and younger ones chosen to fill their places. As a general rule, it is not desirable to keep ewes beyond their sixth year unless in the case of special individuals or flocks of strictly fine-blooded types. The matter of age alone should not be the deciding factor in discarding the ewe for her ability to raise a good lamb. The character and amount of fleece she produces and the condition of her teeth are factors to be considered as well. The profitable fitting and marketing of ewes too old to be useful further in the breeding flock is quite a problem, especially if her teeth are defective and she is in a thin condition because of having reared lambs during the past season. As a rule she cannot be fitted for market profitably on dry feed during the winter except with abnormal market conditions.

As soon as the old ewe's lambs have been weaned she should be given access to succulent pasture such as second growth clover, a well established new seeding or a patch of rape. To the forage thus secured may be added a liberal grain allowance consisting of ground corn and oats in equal parts which would be improved some by the addition of a little bran or linseed meal if available. As soon as these conditions have fattened the ewe sufficiently for market then the best possible deal should be made with the drover or butcher before winter sets in.

DON'T "STUFF" YOUNG STOCK

Feed Calves to Make Them Growthy, but Not Fat.

Calves which are being fitted for veal are kept on full feed and forced to become thick in flesh. It is a mistake to use this same method in raising dairy heifers or breeding stock, because fatness and sleekness are not an indication that the animal is making a proper growth of bone and muscle. Too little feed is a safer mistake than too much.

Ten pounds, or five quarts, is enough for most calves during the first two or three weeks, but this may be increased to fifteen later. Any change from full milk to skimmed milk should be made gradually, and some rich food, such as oil meal, should be added. If the oil meal is converted into a jelly by adding boiling water, it is relished by young calves, which soon learn to look for it at the bottom of the pail. At first a tablespoonful is sufficient to a feed. This may be increased gradually as the calf grows, to half a pound per day.

Now Is the Time to Procure a Stock Ram.

THE mating season for sheep is not far distant and the best selections of flock herders can be made early in the season. At this time one can choose from among the best of the ram lambs and yearlings, or

A Good Flock Header.

two-year-olds. Offerings of males will go quickly as soon as the show season opens up, and by the time the sheep is actually needed the market will be pretty well culled over. Procure a yearling or older ram if possible. Ram lambs should not be used unless ex-

cessing well matured for the service of a small flock only. For a bunch of forty ewes time and money are well expended in procuring a mature ram. The accompanying illustration shows a mature Hampshire ram which headed the Michigan Agricultural col-

Motor Boat Race Goes to Ypsi Man

The end of the resort season put a crimp in the proposed motor and cat boat race in the morning was won by the "Interlaken" sailed by Martin and Ernest Schaeferle of Ann Arbor. The motor boat race in the afternoon was won by Fred Wilcox of Ypsilanti, who beat the only other starter, R. H. Kilian, also of Ypsilanti, over the three mile course by about three rods. Unfortunately the judge and time-keeper skipped before the end of the race, so that the time hasn't been ascertained.

FRANKLIN HINCKLEY.

Franklin Hinckley was of English descent and an ancestor of his served in the Revolutionary War. He was born in Pittsfield township, August 7, 1836. After attending the union school in Ypsilanti for one year, at the age of twenty he entered the Normal school and was in attendance there one year. For three years he taught. Then he engaged in farming until he determined to study law. Locating in Ypsilanti he studied for a time, then read law in the office of Eugene Pringle & Pomeroy in Jackson, and finally returned to Ypsilanti to pursue his study of his profession under S. M. Cutcheon. In 1867 he was admitted to practice at the Michigan Bar and did so with such much distinction that his reputation extended beyond the county and his opinion was frequently referred to by lawyers in adjacent counties.

Mr. Hinckley has been interested likewise in the real estate business, particularly farm lands. He has been a trustee in the Ypsilanti Congregational church, and a member of the board of aldermen from the first ward for four years. He has not, however, resided continuously in Ypsilanti, having lived at different periods in Detroit for five years and in Wayne at another time for four.

On March 26, 1862, Mr. Hinckley was married to Miss Mary M. Redner, by whom he is survived, as well as by two of their three children, Miss Louise of this city, and Edward H. of Kansas City. Their third child, Carrie, who became the wife of W. H. Tousey, died in 1893, leaving one son, Clarence.

Dr. A. G. Beach conducted the funeral service this afternoon and the interment took place in Highland cemetery.

Among the relatives who came from other points to attend the funeral were Mr. Hinckley's sister, Mrs. Anne Cook, of Urania, together with her daughters, Miss Rachel and Miss Harriet, and her son, Sherman, Mr. and Mrs. W. H. Tousey of Salem, and Mr. and Mrs. Clarence Tousey of Detroit.

MOTHER OF YPSILANTI MAN DIES IN DETROIT WAS WELL KNOWN HERE

The following clipping was taken from a recent issue of the Adrian Times in regard to the death of Mrs. Hester Cowell whose son, Bert Cowell, lives in this city. Mrs. Cowell has been a frequent visitor in Ypsilanti and had made many friends here:

"Mrs. Hester Ann Cowell died at the home of her son, Charles, at Detroit, Monday, August 28. She was born February 21, 1841. Six sons and a daughter are left to mourn. Henry, Charles, Joseph, Edwin, Bert and Gaius, all living in or near Detroit. The daughter, Mrs. James Monroe, resides at Auburn, Washington. The body was taken to Blissfield and placed in the family lot beside her husband, Samuel Cowell, who died nine years ago."

Ypsi Pioneer Dies In Ann Arbor Hospital

William Robison, an old pioneer of this vicinity, died Tuesday afternoon at 1:30 at the Homeopathic Hospital after a short illness. Mr. Robison had lived till the 6th of October would have been 90 years old. For the past four years he has been making his home with his brother, Walter Robison, of East Forest avenue. He was born in Schenectady, N. Y., and came to Michigan in 1833 and settled near Saline. The greater part of his life was spent in Detroit where he was a prominent wholesale and retail tobacco merchant. He retired from active business about 12 years ago. He leaves on daughter, Mrs. Sellars, of Pittsburg, two sisters, Mrs. Nancy Vought of this city and Mrs. Clara Blount of Indianapolis, and two brothers, Walter, of this city and Robert Duncan of Los Angeles, Calif.

The funeral will be held at Ann Arbor after which the body will be taken to Saline and interred in the family lot.

EIGHTH GRADES CROWDED

PROBLEM PRESENTED AT BOARD MEETING—FORTY GIRLS ELECT SEWING.

The Board of Education met Tuesday evening in the library of the Central building. Superintendent Arbaugh reported a crowded condition in the eighth grades, and the matter was referred to the teachers' committee with power to act. There are 77 scholars enrolled already, with a half a dozen or so yet to hear from, and this number is considered much too large for the proper mastery of eighth grade work. The seventh grades were large last year, and students coming into town have further swelled the number, until the present unmanageable number has been reached. All the upper grades are large this year, there being 49 in the fifth and 46 in the sixth grades.

Another matter claiming the attention of the teachers' committee is that 40 high school girls on Tuesday elected sewing. The Teachers' committee has been given power to engage an assistant for Miss Jessie Swaine under these circumstances. There are other progressive plans contemplated for this department also.

ASK D. J. & C. COMPANY TO CHANGE TRACK AT CORNER OF PACKARD AND MAIN STS.

Ann Arbor, Sept. 6.—Frank E. Jones and wife, residing at the corner of Packard and South Main streets, have enjoined the City of Ann Arbor and the Interurban railroad to change their track. The matter will probably be settled satisfactorily in the near future.

RESIDENT OF ANN ARBOR 52 YEARS, DEAD AT AGE OF 87

Ann Arbor, Sept. 6.—Alexander McDonald died Tuesday morning in Ann Arbor at the advanced age of 87 years and after a residence in this city of 52 years. He is survived by a wife, one daughter and four sons.

MILD, GENTLE LAXATIVE FOR WOMEN GIVEN FREE

So many of the ills of women are due to habitual constipation, probably because of their false modesty on the subject, that their attention cannot be too strongly called to the importance of keeping the bowels open. It is always important to do that, regardless of the sex, but it is especially important in women.

From the time the girl begins to menstruate until menopause ceases she has always vastly better prospects of coming through healthy if she watches her bowel movements. If you find yourself constipated, with bad breath, pimply complexion, headaches, belching gas and other symptoms of indigestion and constipation, take a small dose of Dr. Caldwell's Syrup Pepsin. It is a woman's favorite laxative. You will find that you can do away with salts, strong cathartics, etc., which

HYOMEI FOR CATARRH World's Greatest Remedy Free From Cocaine, Opium and All Habit Forming Drugs.

Start right now, before the cold weather comes, to kill catarrh germs and get rid of catarrh. It's the best time. Breathe HYOMEI (pronounce it High-o-me), Duane Spalsbury guarantees it. It is made of Australian eucalyptus, thymol and other anti-septics, and besides destroying the germs it soothes and heals the sore, raw membrane and prevents mucus from forming in the air passages. Breathe it a few times a day. It's an easy and pleasant treatment and results are quick and certain.

HYOMEI is guaranteed for catarrh, asthma and catarrhal deafness, or money back. A complete outfit, including hard rubber inhaler, costs \$1.00. Extra bottles if afterward needed cost but 50 cents.

Who whistles in a street car robs me of most that is dear to me, my peace of mind, and gives me nothing in return.—Philadelphia Enquirer.

Cupid Keeps Busy. There are about 3,000 weddings every 24 hours, taking the entire world into consideration.

NOBODY SPARED

Kidney Troubles Attack Ypsilanti Men and Women, Old and Young. Kidney ills seize young and old. Come quickly with little warning. Children suffer in their early years. Can't control the kidney secretions. Girls are languid, nervous, suffer pain.

Women worry, can't do daily work. Men have lame and aching backs. The cure for man, woman or child. Is to cure the cause—the kidneys. Doan's Kidney Pills reach the cause. Ypsilanti testimony proves it.

Mrs. Charles Wilkinson, 513 S. Huron St., Ypsilanti, Mich., says: "Doan's Kidney Pills, procured from Weinmann-Matthews Co.'s drug store, brought good results in my son's case. About three years ago he had an attack of typhoid fever and after that he complained of backache and other symptoms of kidney trouble. When stooping or lifting, his back bothered him more than ever and often there was sediment in the kidney secretions, plainly proving that his kidneys were disordered. The contents of two boxes of Doan's Kidney Pills removed every symptom of this trouble and in return for this great improvement I take pleasure in recommending Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Society News

Calendar for Thursday, Sept. 7, 1911
Denton Arbor of Gleaners, 7:30 p. m.,
Mr. and Mrs. Ed. Sickelsteel.
Baptist Ladies' Aid, 2:30 p. m., Mrs.
McFetridge.
St. Luke's Parish Aid, 3 p. m., church
house.
Pittsfield Ladies' Aid society, Mrs. E.
W. Thorn, 417 Pearl St.
Woodmen of the World, 7:30 p. m.,
Odd Fellows' Hall.

L. O. T. M. M. Meets.
Queen City Hive Number 64 of the
L. O. T. M. M. will hold their regu-
lar meeting Thursday evening.

Ladies' Aid Will Meet.
The Ladies' Aid society of the First
Baptist church will meet at the home
of Mrs. McFetridge on Perrin street
Thursday afternoon.

Companion Quilting Bee.
The Ladies of the Companions of
the Foresters will meet with Mrs. F.
Stilts Friday afternoon, Sept. 8, for
the purpose of making a quilt. The
members are requested to take mater-
ial and go prepared to work.

D. of H. Social Meeting.
The Degree of Honor held its
monthly social meeting Tuesday eve-
ning with Mr. and Mrs. Floyd Daggett.
Miss Olive Woolsey and Miss Clara
Wightman sang a number of songs.
Refreshments were served.

Question Still Open.
The Epworth League of the Meth-
odist church held its monthly busi-
ness meeting Tuesday evening with
Miss Rose Fewings. The question as
to whether the league should embark
on a lecture course this coming sea-
son was discussed, but no definite
action taken.

Library Board Meets.
There were six members of the
Ladies' Library board at the monthly
meeting held Tuesday in the library
building. The usual routine business
was transacted. It may not be gen-
erally known that each family in the
community is now allowed three books
at one time, two of which may be fic-
tion.

Observe Birthdays.
A birthday dinner party was given
at the Hawkins House Tuesday eve-
ning in honor of the birthday anni-
versaries of M. K. Phillips and Mat-
thew Max. Covers were laid for 20.
The banquet was served about 11
o'clock after which a number of in-
formal toasts were given. Joe Miller
was toastmaster and responses were
made by E. A. Carpenter, Fred Max,
M. K. Phillips and songs by Dr. Post
and Mr. Cuthbert. During the day
Mr. Phillips and Mr. Max were given
an auto ride to Milan, Ann Arbor and
Whitmore Lake.

Second Burrell Reunion.
The second annual Burrell reunion
was held at the home of James Down-
ing, two miles north of Ypsilanti on
Monday, Sept. 4, 1911. The guests
numbered 91 and assembled from
Toledo, St. Johns, Denton, Detroit,
Ypsilanti, Cherry Hill and Superior.
At noon a bountiful chicken pie dinner
was served after which the following
program was given: Instrumental mu-
sic, Gertrude Burrell; prayer, Alfred
Burrell; Superior Burrell quartette;
reading, Mabel Burrell; solo, Frances
Burrell; Superior Burrell quartette;
reading, Ray Burrell; recitation, Lee
Downing; duet, Mrs. George Burrell
and son Marcus; solo, John Henson.
The relatives all showed their appre-
ciation for the services rendered them
by reelecting for the ensuing year the
same officers, George Burrell, presi-
dent, and Lucy Burrell, secretary.
About five o'clock luncheon consist-
ing of ice cream and wafers was serv-
ed. The next reunion is to be held
Labor Day, 1912, at the home of Wil-
liam Burrell, one-half mile east of Denton.

Mr. and Mrs. Henry Frain and Mr.
and Mrs. W. R. Shaeffer and family
attended a week-end house party at
Rochester, Mich.

Martin Stadtmiller spent the week
end at Pontiac with friends.

Mr. and Mrs. J. L. Hunter who have
been visiting their son and daughter
at Boise, Idaho, for the past few
weeks, have returned home.

Miss Anna Gwinner who has been

THE DOCTOR'S QUESTION
Much Sickness Due to Bowel Disorders
A doctor's first question when con-
sulted by a patient is, "Are your bow-
els regular?" He knows that ninety-
eight per cent of illness is attended
with inactive bowels and torpid liver,
and that this condition must be re-
moved gently and thoroughly before
health can be restored.

Relax Orderlies are a positive,
pleasant and safe remedy for consti-
pation and bowel disorders in general.
We are so certain of their curative
value that we promise to return the
purchaser's money in every case when
they fail to produce entire satisfaction.

Relax Orderlies are eaten like can-
dy, they act quietly, and have a sooth-
ing, strengthening, healing influence
on the entire intestinal tract. They do
not purge, gripe, cause nausea,
flatulence, excessive looseness, diarr-
hoea or other annoying effects. They
are especially good for children, weak
persons or old folks. Three sizes, 50c,
25c and 10c. Sold only at our store—
The Relax Order—Weinmann-Mat-
thews Co., 118 Congress street.

spending the past two weeks with
friends at Battle Creek has returned
home.

of Ann Arbor have returned home
after a few days' visit with Ypsilanti
relatives.

Carl Clow left Saturday for a two
weeks' visit at Buffalo, Niagara Falls
and Hamlin, N. Y.

Miss Mary Reynolds of Detroit was
the guest of Mrs. F. Reynolds, Sun-
day.

Norman Richards of Cohoctah spent
Sunday with his cousin, Miss Neva
Thayer.

Colon Campbell of Detroit has been
spending a few days with his mother,
Mrs. Mary Campbell, of Adams street.
Little Harriet and Gladys Oberst of
Coldwater returned Monday after a
visit with the grandmother, Mrs. M.
Collins, of East Cross street and other
relatives. They were, accompanied
home by their cousin, Miss Mamie
Blair, who will spend a week there.

Leon Tenny of Detroit was in the
city Sunday.

Mr. and Mrs. Fred Beck and chil-
dren have returned from a ten days'
stay with relatives in Toledo.

Miss Emma Jarrendt was the guest
of her sister, Mrs. A. Foster, of De-
troit over Monday.

Miss Florence Cook of Ann Arbor
spent Sunday with Miss A. Cross.

Martin Rice has been spending the
day in Ann Arbor.

Mr. and Mrs. Frank Hanby of Su-
perior have returned home after
spending several days with their
daughter, Mrs. Nettie Marsh, of Char-
lotte.

Mrs. James Rice and son Martin of
Superior have returned after a week
spent with friends in Pontiac, Detroit
and other points.

George McCabe Morrison of Ypsi-
lanti has recently filed in Ann Arbor
a petition to become a citizen of the
United States.

Miss Mary Putnam and her sister,
Mrs. Alice Kimball are spending this
month at the Belvidere in Charle-
voix.

Miss Lou Shipman went to Ann
Arbor to attend the races Monday.

The Misses Sarah Beck and Louise
Bancroft returned to their homes in
Toledo Tuesday after a few days'
visit with the former's brother, Fred
Beck.

Mr. and Mrs. Fred Marvin and chil-
dren of Detroit were recent guests of
relatives in the city.

Mr. and Mrs. P. Kerner and children
returned Tuesday from Detroit. They
were accompanied home by Mr. and
Mrs. Joseph Groh and daughter The-
ma, who will spend a few days here.

Frank Misener of Detroit was home
over Sunday with his parents, Mr.
and Mrs. B. Misener.

Mr. and Mrs. Wm. Thayer visited
their daughter, Mrs. J. Waldruff, of
Delhi, over Monday.

Mrs. Clifford Thoms and daughter
have returned from a short visit with
friends in Ann Arbor.

Miss Carrie Ableson is spending a
few days in Saline with her sister,
Mrs. Orrin Briggs.

F. M. Beall left Tuesday night for
New York where he went to buy fall
goods.

past two weeks with the former's par-
ents, Mr. and Mrs. A. W. Elliott.
Mrs. Arnold and daughter will leave
soon for Fort Wayne, Ind., where Mrs.
Arnold will teach this year.

John A. May, bank expert, of Chel-
sea was in the city last evening call-
ing upon H. C. Rankin. Mr. May was
graduated from the State Normal,
class of 1876. He was superintendent
of city schools five years then studied
medicine and practiced at Ludington.
Later he organized a bank and be-
came its cashier. Dr. May at the time
of the breaking up of Lansing's var-
ious banks was selected as receiver
for all of them and served in this
capacity very acceptably. When the
Glazier bank at Chelsea went to pieces
and Hon. W. W. Wedemeyer was ap-
pointed receiver he invited Dr. May to
attend to the straightening out of the
financial entanglement. Dr. May was
appointed bank examiner by Governor
Warner and rendered good service in
this capacity during the last two years
of the Warner regime. He has kept a
residence in Chelsea since going
there to assist Mr. Wedemeyer. As a
financier, bank specialist and all round
man of affairs, Mr. May has very many
friends in Michigan.

Mrs. W. P. Tompkins and daughters,
Edna and Teneriffe, of Ellis street
returned home Monday evening from
an extended trip through the West,
visiting at Denver, Colorado Springs
and Omaha.

A large delegation of members of
the Modern Brotherhood of America
from Detroit and Ann Arbor are ex-
pected in the city this evening to aid
in organizing a local lodge in this
city. The meeting will be held in
Odd Fellows' Hall.

Dr. F. R. Gorton and family have
returned from an extended stay at
Ridgeway.

Miss Cecil Baker of Brandner, Ohio,
is visiting Ypsilanti friends this week.

Roy Hagerman of the Cleary Busi-
ness College has accepted a position
with the A. E. Bartlett Co. of De-
troit.

Miss Maud Smith and Hamilton
Wilson of Detroit were the Sunday
guests of Mr. and Mrs. Carleton Sage.

Guy Sage is spending a few days
at Byron the guest of Dewey Allen who
has been spending a few days at his
home.

Mr. and Mrs. George Webster and
Miss May Crane spent Labor Day with
friends at Tecumseh.

Mr. and Mrs. J. H. Woodman will
leave today for Detroit where they
will make their home. They will live
in the new flat on Clairmont avenue
which they recently bought.

Mr. and Mrs. Chas. Powell spent
Saturday and Sunday at Portage Lake.

Harry Shaefer is taking a week's
vacation from his duties at the C. S.
Wortley and Co. store.

Miss Helen Sage has returned from
a week's visit with friends at Detroit
and Royal Oak.

Mrs. George Burg of Sanford, Wash.,
is visiting at the home of her brother,
J. C. Burg of Ellis street.

spending a few days with friends at
Jackson.

Mr. and Mrs. Alec Boutell have gone
to Grand Rapids where they will rep-
resent the Knights of Pythias and
Pythian Sisters respectively at the
meeting of the Grand Lodge held in
that city this week.

William Sanderson who is employed
in the drafting room of the Edison
Illuminating Co. in Detroit spent Sun-
day and Labor Day at his home in
this city.

Mrs. Newton Vail of Jackson and
Mrs. Claude Bycraft of this city spent
Monday in Detroit.

Late Crawford's Thursday at Dun-
lap's.

SAGE TEA WILL
DARKEN THE HAIR

Restore Faded and Gray Hair to Nat-
ural Color—Dandruff Quickly
Removed.

There is nothing new about the idea
of using sage for restoring the color of
the hair. Our great-grandmothers
kept using a "sage tea." Whenever
their hair fell out or took on a dull,
faded or streaked appearance they
made a brew of sage leaves and ap-
plied it to their hair, with wonderfully
beneficial effect.

Nowadays we don't have to resort to
old-time, tiresome methods of gather-
ing the herbs and making the tea. This
is done by skillful chemists better
than we could do it ourselves, and all
we have to do is to call for the ready-
made product, Wyeth's Sage and Sul-
phur Hair Remedy, containing sage in
the proper strength, with the addition
of sulphur, another old-time scalp
remedy.

The manufacturers of this remedy
authorize druggists to sell it under
guarantee that the money will be re-
funded if it fails to do exactly as
represented.

Don't neglect your hair. Get a bot-
tle of Wyeth's Sage and Sulphur to-
day, and notice the difference after a
few days' use.

This preparation is offered to the
public at fifty cents a bottle, and is
recommended and sold by all drug-
gists. Special Agent, Weinmann-
Matthews Co.
